Allen-Scott Report

Ex-Fascist Gets High Post

By ROBERT S. ALLEN AND PAUL SCOTT

Mr. Allea

observer" for U.S. armed forces in Europe

Fascinating Details Dr. Fubini, who studied under

the late Enrico Fermi, noted Italiaceborn scientist who played a major role in the development of the first U.S. alomic weapons, is a friend of Adam Yarmolinsky, controversial special assistant to Defense Secretary McNamara.

Yarmolinsky is quietly reorganizing the Pentagon's complex seearity system.

As Assistant Secretary for Research & Engineering, Dr. Fubini will pass on security cases involving the highly secret National Security Agency. Also in his province will be information obtained by the Samos and Ferret satelhies orbiting Russia, Red China and other strategic areas.

Senaror Thurmond was particularly incrested in Fubini's Fascist cornections.

"While you were attending the Technical Institute at Turin," asked Thurmond, "were you assosity grait of Fascist students." movemeshi?"

"Yes at," replied Fubini. "The student thevement was almost a compulsor; thing, and I paid dues to the southed GUFn the university group the fascist students.

Dr. Eugene Ghleon Pubini, who admits being a dues-paying memher of a Fascist organization while a university student in Italy. is the new Assistant Secretary of Defense for Research & Engineermg - one of the most security sensitive jobs in the Pentagon.

In this position, the 50-year-old Italian-born scientist has three supremely important functions:

(1) He is the civilian boss of the super-secret National Security Agency which operates the government's highly classified comintelligence sysmunications. tems; (2) He has a key role in the socalled "permissive link" that controls the Fring of nuclear weapons from the President down to officers in actual possession of these catastrophic warheads; (3) he directs the operation and development of the "hot line" between Washington and Moscow.

These unpublicized details of Dr. Fubini's new Defense authority and equally important facts about his background brought to light during a closeddoor meeting of the Serate Armed Services Committee that considered his appointment by President Kennedy.

By a 4 to 1 vote, the committee later approved Fubin's selection. The Senate has yet to act on it.

The dissenting latlot was cust by Senator Stron Murmond, D-S.C., whose questioning largely uncovered the extraordinary story of this new top Defense official who came to the U.S. in 1939 as a well-heeled refage: from Mussolini-ruled Italy and in a few yours attained the highest secrecy ratings in the U.S

Under Thurstere's grilling Fubini disclosed

That he and other members of his family brought \$400,000 with them when they And Pascist Italy for "racial and initical reasons." although he accepted Jews were not then being persecuted; that almough lister, as an "enemy alien," he wen given clearance during World Wie II to inspect Britain's mest samet plants and projects; and cause 1942-45, while a research resective at Harvard's Radio Laboration, 10 was a "scientific consultant suid technical
